Education

Maltepe University

B.S. in Software Engineering (EN), GPA 3.16

Maltepe, Istanbul

4th Year — 2021 – Present

Relevant Coursework: Artificial Intelligence, Data Science, Big Data, Machine Learning, Mobile Development.

Amasya Kutlubey Science High School

Amasya, Turkey

Graduation 2021, GPA 94.91

Experience

Software Persona, TNC Group

Istanbul, Turkey

Software Intern Program

February 2026 – March 2026 (Ongoing)

- Completed structured training in UI/UX, web and mobile development, and database fundamentals, followed by a mentorship-driven project and portfolio development phase.

Innova Bilişim, Türk Telekom

Istanbul, Turkey

Data Science & Data Management Intern

June 2025 – July 2025

- Developed and supported ETL pipelines for large-scale telecom datasets using Python and SQL, covering ingestion, transformation, and validation stages.
- Prepared analytics- and ML-ready datasets and worked with both batch and Spark-based streaming data workflows.
- Collaborated with data engineers to monitor data reliability and ensure consistent, reusable data delivery.

Projects

LGS Smart Learning AI (Capstone Project, Ongoing) AI-powered mobile learning application for personalized LGS exam preparation using retrieval-augmented generation (RAG) and adaptive learning workflows.

AI-Powered Joke Generator Website Designed and trained an NLP model from scratch on Turkish joke datasets, followed by fine-tuning; served as Scrum Master and managed data preprocessing, backend, and web UI.

MAU Teknofest Club Website & AI Chatbot Developed and deployed the official club website with an integrated AI chatbot; managed self-hosted production deployment. mauteknofest.com

Additional projects: github.com/kucukmelih • melihkucuk.com

Leadership & Activities

Maltepe University Teknofest Club

Istanbul, Turkey

Vice President

August 2025 – Present

- Coordinated technical and organizational activities, supporting project execution and cross-team collaboration.

Anchovision — Teknopark Istanbul Pre-Incubation Program

Istanbul, Turkey

Founder & Product Lead

2025 – Present

- Leading the design and development of an AI-powered personalized learning platform for secondary education, supported through mentorship on product validation and early-stage entrepreneurship.

Skills & Interests

Programming Languages: Python, Kotlin, C, JavaScript, SQL

Databases: MySQL, MSSQL, PostgreSQL, Cassandra

Technologies & Tools: Apache Spark, Hadoop, Kafka, Airflow, Docker, Git, Maven, HTML, CSS, Figma

Languages: Turkish (Native), English (Upper-Intermediate)

Training: YÖK Data Analysis School — AI Modules 1 & 2

Interests: Artificial Intelligence, Data Science, Big Data, Data Engineering, Mobile Development

Certificates

- Machine Learning Specialization — DeepLearning.AI & Stanford University
- CS50's Introduction to Programming with Python — Harvard University
- Data Science and Machine Learning — Udemy, Vahit Keskin
- LangChain, LangGraph, RAG, LLM Orchestration — Udemy, Atil Samancioglu
- Turkcell Geleceği Yazanlar — Advanced Python
